

### **REMARKS**

In the current application, claims 1-25 are pending, claims 1-19 have been allowed, claims 20, 21 and 25 are rejected under 35 U.S.C. 102(b) as being anticipated by Chu 2,198,303 and claims 22-24 were objected to as depending from rejected claim 20 but would be allowable if rewritten in independent form, to include all of the limitations of the base claim and any intervening claims.

While the Applicant respectfully traverses the rejections, nevertheless, the Applicant, in reliance upon the Examiner's finding, has amended claims 22, 23, 24 and 25 of the present application and has cancelled claims 20 and 21. Particularly, Applicant has amended claim 22 to include all the limitations of claims 20, and 21. Further, claims 23-25, which contain additional patentable subject matter, now depend from claim 22.

Applicant submits that all pending claims as amended are now in condition for allowance.

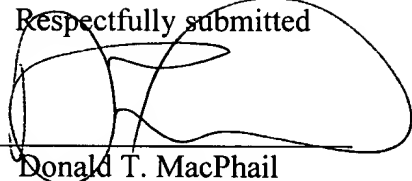

### **CONCLUSION**

For the forgoing reasons, all claims presently on file in the current application are in condition for immediate allowance.

Should you have further questions concerning this application the Examiner is invited to call the Applicant's attorney at the number listed below.

Respectfully submitted
